

# THE STRUGGLE FOR VOTING RIGHTS CONTINUES...

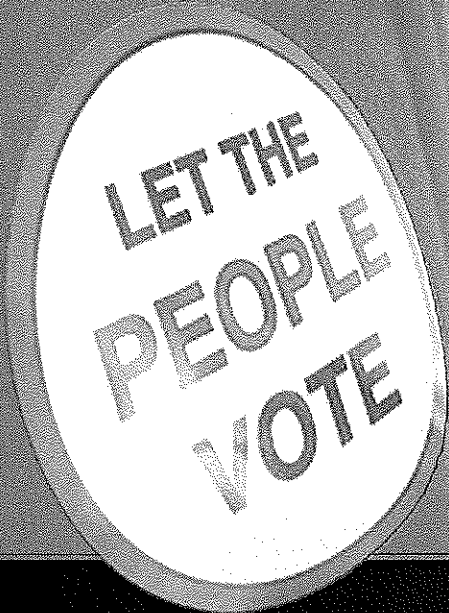

## DON'T LET YOUR RIGHTS BE AT RISK!

In 1965, President Lyndon Johnson signed the landmark **Voting Rights Act** into law which outlawed discriminatory voting practices that had disenfranchised millions of Americans in the U.S.

Today, 47 years later Tennessee officials have launched an all-out coordinated assault on our democracy by attacking voting rights. In 1965, history and progress were made. Let's keep that progress moving forward!

Join community leaders for a Town Hall discussion and learn how the rights of voters are currently being infringed upon and what steps must be taken to protect the rights of voters.
